WV's Partnership to Promote Community Well-Being

Roles & Responsibilities

The Governor's Committee will be created by Executive Order. The Committee will be designated as the state substance abuse prevention and intervention planning body to:

- (1) Develop a comprehensive statewide plan for the improvement of the substance abuse prevention system;
- (2) Coordinate planning with other interrelated systems;
- (3) Establish priorities for the improvement of the substance abuse prevention system;
- (4) Identify and leverage prevention funding to fill needs and gaps in service;
- (5) Advise the subgranting of funds from any federal agency or any other source.

WV's Partnership to Promote Community Well-Being

Possible Future Agenda Items

- Review progress on WV SIG workplan
- Overview of Risk & Protective Factor Framework and make recommendations for training opportunities
- Review the draft of the prevention portion of the three-year comprehensive plan for child substance abuse and mental health services
- Discuss building community capacity and sustainability
- Overview of the Child & Family Services Funding Study
- Kentucky Model of Early Intervention Program
- Others
